Subject : NR/680/GF - Weekend Updates to Systems

Dear All,

There are a number of planned updates taking place to the systems over this weekend. Whilst we are working flat out to deliver these changes, and the majority are on target, I would just like to make you aware that two changes are at risk of non-implementation.

The two are

13758 - Removal of Meter Asset at Dead Meter Points

13758.2 - Meter Pulse Value Amendment

I will send you an e-mail at 16:00 hrs tomorrow, Friday 3 November, to say whether these two changes will be implemented. Again I'd like to stress that all other changes planned for the weekend are on target for delivery.

If you have any questions please contact Lee Foster on 0121 713 5496.

Kind regards.

Graham Frankland
