Colleagues,

With reference to previous communication NR/673/MP, please find attached a summary of all representations received relating to the implementation of new charge types to cater for MOD026.

Following a successful representation period, the aforementioned change will be submitted for approval at the next UK Link Committee meeting.

The "For Approval" version of the updated IDB file format document is now available from the UKLink Docs Extranet site, under Section 05 > Representations to be Approved.

If you have any queries relating to this change, please do not hesitate to get in touch.

Regards,
