5. **Date of Representation:** 18th July 2014
6. **Do you support or oppose Implementation:**
We Support implementation
7. **Please summarise (in 1 paragraph) the key reason(s) for your position:**
We support the proposal as it provides an enduring solution which enables consumers to book capacity commensurate with their anticipated future demand.
8. **Are there any new or additional Issues for the Modification Report:**
We have not identified any new or additional issues
9. **Self-Governance Statement Do you agree with the status?**
Not applicable
10. **Relevant Objectives:**
How would implementation of this modification impact the relevant objectives?
We agree with the modification proposer that the modification better facilitates objectives (a) & (d)
11. **Impacts & Costs:**
What analysis, development and on-going costs would you face if this modification was implemented?
We have not identified any significant specific costs associated with this modification being implemented

12. Implementation:

What lead times would you wish to see prior to this modification being implemented, and why?

We note the proposer's intention that the modification is implemented in line with Project Nexus go live currently scheduled for October 2015. Our understanding is that until then the provisions of Modification 0478 - Filling the gap for SOQ reductions below BSSOQ until Project Nexus would continue.

13. Legal Text:

Are you satisfied that the legal text will deliver the intent of the modification?

We have not reviewed the Legal Text provided

14. Is there anything further you wish to be taken into account?

Please provide any additional comments, supporting analysis, or other information that you believe should be taken into account or you wish to emphasise.

We would like to clarify if the changes introduced under Modification 0478 - Filling the gap for SOQ reductions below BSSOQ until Project Nexus would endure for the winter 2015/16 should the go live date for Project Nexus be subject to delay.
