UNC Modification Proposal 0584S – Energy Theft Tip-Off Service (ETTOS) – Release of Supplier identity

Dear Bob,

Thank you for your invitation seeking representations with respect to the above Modification Proposal for which National Grid Gas Distribution (NGD) would like to support.

**Do you support or oppose implementation?**

Support

**Please summarise (in one paragraph) the key reason(s) for your support/opposition:**

The ETTOS provider requires the identity of the Supplier in order to efficiently and correctly route information provided via the theft of gas tip off line. This modification will allow the release of such information to aid this process.

**Relevant Objectives:**

d) Securing of effective competition:

- (i) between relevant shippers;
- (ii) between relevant suppliers; and/or
- (iii) between DN operators (who have entered into transportation arrangements with other relevant gas transporters) and relevant shippers.

f) Promotion of efficiency in the implementation and administration of the Code.

NGD concurs with the comments in the Draft Modification Report concerning the facilitation of these relevant objectives.

### **Impacts and Costs:**

We agree with the statement in the Draft Modification Report concerning the funding of this Modification Proposal and we have no further comment in this respect.

### **Implementation:**

We are in agreement with the implementation timescales identified within this Modification Proposal.

### **Legal Text:**

NGD is satisfied that the legal text as published by the Joint Office within the Draft Modification Report meets the requirements of the Modification Proposal.

### **Views on errors or omissions in the Modification Report which should be taken into account:**

We have not identified any such errors or omissions.

### **Additional analysis or information to support your representation:**

We have nothing further to add.

We trust that this information will assist in the compilation of the Final Modification Report. Please contact me on 01926 655299 ([andy.clasper@nationalgrid.com](mailto:andy.clasper@nationalgrid.com)) should you require any further information.

Yours sincerely,

Andy Clasper  
National Grid Distribution
