Do you support or oppose implementation?

Support

Please summarise (in one paragraph) the key reason(s) for your support/opposition.

We believe the exercise will ultimately result in a lesser unidentified gas portfolio, thus reducing charges, and also provide a much more comprehensive database.

Are there any new or additional issues that you believe should be recorded in the Modification Report?

No

Self Governance Statement:

Do you agree with the Modification Panel's decision that this should not be a self-governance modification?

*Are you in agreement with the decision to remove the Self-Governance status from this modification? If not, please state reasons why *delete*

Yes

Relevant Objectives:

How would implementation of this modification impact the relevant objectives?

We see this modification as having a positive impact on the relevant objective (d).

Impacts and Costs:

What analysis, development and ongoing costs would you face if this modification were implemented?

We would expect fairly minimal costs, with some system development in order to produce the reports and manage the registrations if implementation goes ahead.

Implementation:

What lead-time would you wish to see prior to this modification being implemented, and why?

0431
