Do you support or oppose implementation?

Support

Please summarise (in one paragraph) the key reason(s) for your support/opposition.

The Network code lacks transparency on the production of legal text and these guidelines give greater confidence to code parties about the process for delivery of legal text. It will set out the expectations around legal text production for those who raise code modifications and ensure a more consistent approach to it's delivery.

Are there any new or additional issues that you believe should be recorded in the Modification Report?

No

Self Governance Statement:

Do you agree with the Modification Panel's decision that this should be a self-governance modification?

Yes

Relevant Objectives:

How would implementation of this modification impact the relevant objectives?

I agree that it will facilitate Relevant Objective F, as it will set out clearly what the expectations are and enable parties to have a process to follow. It will facilitate future improvement possibilities by having a transparent and clear process.

Impacts and Costs:

What analysis, development and ongoing costs would you face if this modification were implemented?

None

Implementation:

What lead-time would you wish to see prior to this modification being implemented, and why?
