Do you support or oppose implementation?

Support

Please summarise (in one paragraph) the key reason(s) for your support/opposition.

SGN support this modification as it will ensure cooperation across the industry in compiling a report to outline the readiness of shippers for the delivery of Project Nexus.

Are there any new or additional issues that you believe should be recorded in the Modification Report?

No. Having reviewed the variation request SGN are of the view that the requested changes are not material as they add further clarity to the previous version of the proposal but does not alter the intent of the modification and so the modification should continue to the previously agreed timescales.

Relevant Objectives:

How would implementation of this modification impact the relevant objectives?

We agree with the proposer that this modification will further facilitate relevant objective f) in aiding the timely delivery of Project Nexus

Impacts and Costs:

What analysis, development and ongoing costs would you face if this modification were implemented?

We support the User Pays charges as proposed as this review is looking purely at shipper user readiness.

Implementation:

What lead-time would you wish to see prior to this modification being implemented, and why?
