

### CHANGE REQUEST CR13664 Representation Comments

Shipper	Name	Date	Accept/Reject	Publish	Shipper Comments	xoserve Comments
Scottish Power	Mark Pitchford	27/10/05	Accept	Yes	None	
Centrica	Anup Pancholi	28/10/05	Accept	Yes	With regards to UKL13664, I can confirm that British Gas are supportive of this change and supportive of the implementation date.	
EDF	Hazel Doyle	28/10/05	Accept	Yes	EDF Energy accepts CR 13664. However our understanding is that this was known about at the time of the Blackwater file format changes. It would have been preferable to incorporate this change in that release as it would have saved IT resources.	The change was identified very late within the Blackwater project delivery stage, so a coincident release was not possible.
Scottish Southern	Martin Brandt	28/10/05	Accept	Yes	I would confirm that Scottish and Southern Energy are happy with these file format proposals and the suggested implementation date.	
RWE (Npower)	David Mayne	28/10/05	Accept	Yes	RWE npower feel that the change NR/506/DA is acceptable and as such support this.
