| SSE | Claire Hemmens | 01/07/2013 | - | Y | SSE will be impact assessing the change, anticipate system changes needed to accommodate the November UNC 403 National Implementation Date. | <p>Thank you for your comments. The amendment to a flexible objection window is fundamental to the understanding of this change therefore this description change should not present material changes to the solution required for UNC 403.</p> <p>The revised description provides better clarity to users on receipt of this exception.</p> <p>The UK-Link committee will be asked to note the revised description.</p> |
