

RE: 1212.1 - JH- JF Smart Metering Smart Switching File Format Validations for Comment

Shipper	Name	Date	Accept/Reject	Publish	Shipper Comments	Xoserve Comments
NPower	Stephanie Shepard	23/05/13	Accept	Yes	The GEO and GEA file formats/validations are accepted. However, the dates provided for testing are not achievable. Can Xoserve provide an opportunity nearer to the planned implementation of August/Sept?	As Xoserve are implementing the changes on their systems on August 17 th there will be no opportunity to test outside the current test window of late June and early August.
SSE	Martin Brandt	24/05/13	-	-	We would be interested in taking part in testing.	Thank you for your response and will contact you shortly to discuss.
