1.0 Introduction and Status Review

RH welcomed all to the teleconference.

It should be noted that the meeting was not quorate, reference to this will be made in the Workgroup Report.

2.0 Final Development of Workgroup Report

The Workgroup agreed the changes suggested in a step by step comment and review session in order to finalise the Workgroup Report ready for submission to UNC Panel on 15 March 2018.

Live onscreen changes were made to the following sections of the Workgroup Report:

- Impacts and Other Considerations
 - Consumer Impacts
 - Heat Map Analysis results
 - Workgroup views on Heat map analysis
 - Consumer Impact Assessment

Those present on the teleconference approved all updates made.

RH advised that the Workgroup Report will be published today, (07 March 2018) in time for UNC Panel on 15 March 2018.
