Support or oppose implementation?	Support
Relevant Objective:	f) Positive

Reason for support/opposition: Please summarise (in one paragraph) the key reason(s)

We agree with the proposal to increase the number of business days to undertake a portfolio meter point reconciliation from 20 to 60 business days minimum. This amendment will be particularly helpful to smaller suppliers and new entrants who will value the additional notice period to put in place adequate resource, particularly if the first time this exercise is undertaken.
