
Modification 0431 – Shipper / Transporter – Meter Point Portfolio Reconciliation

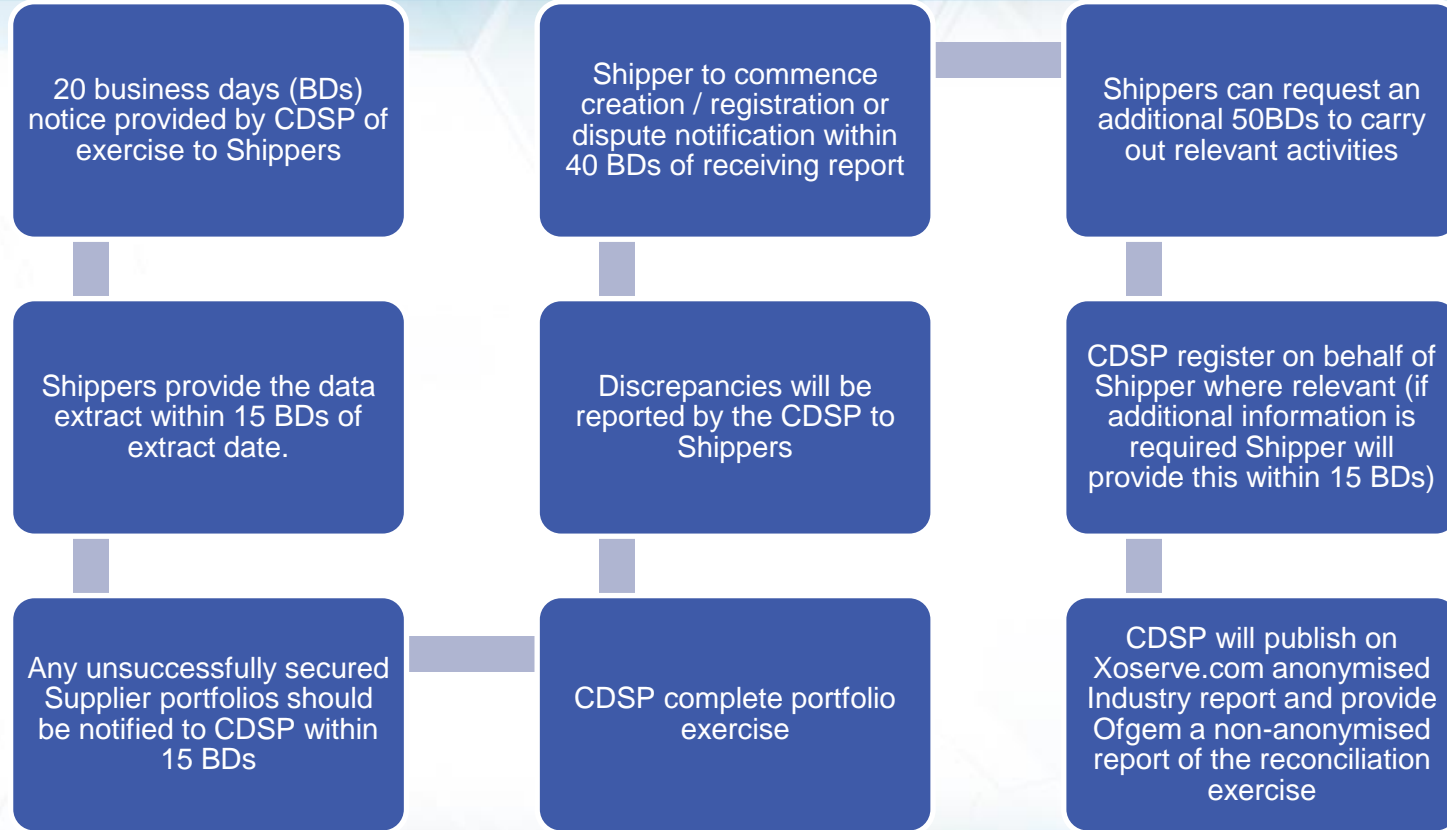

November 2017 exercise

Tahera Choudhury

Background

- Modification 0431 was implemented on 1st April 2014.
- The modification is to; improve the completeness of data held on CDSP systems on behalf of industry parties by carrying out a Meter Point portfolio reconciliation between Supplier records and CDSP held records.
- The first reconciliation exercise was commenced in May 2014.
- As per the modification requirements, Xoserve registered any Meter Points considered Shipperless or Unregistered that were not registered by Shipper organisations.

Reconciliation process

Reconciliation Process continued

- Portfolio data submitted by Shipper to include; Meter Points actively being supplied, MSN, Postcode, Shipper shortcode , Supplier shortcode.
