

APPLICATION FOR CONSENT TO MODIFY THE CODE

"Revision to all UNC References from 'Transco Plc' and associated companies to
'National Grid Gas Plc'
Version 3.0

Reference: C011

Transporter Proposal

As part of the re-branding process it is necessary to ensure that changes to the Uniform Network Code (UNC), and supporting documents reflect the new company name. For the purposes of the UNC it is understood that the company name revisions can be achieved through a 'Consent to Modify', as it is not believed that such a revision is a material change to the intent of the UNC, and therefore does not require a change through the Modification process.

Please find attached National Grids 'Consent to Modify' request, which proposes revising all UNC references to 'Transco Plc' and associated companies to 'National Grid Gas Plc' and associated companies.
