

UNCC Sub Committee - AUG Technical Workgroup

December UNC Panel 2018

Chris Shanley

UNCC Sub Committee - AUG Technical Workgroup

- ▶ Currently additional UNCC meetings have been used to provide guidance/support to the AUG in relation to the creation of the AUG Methodology and Table
- ▶ Framework for the Appointment of an Allocation of Unidentified Gas Expert (8/6/18)
 - ▶ **“The Committee”** - The Uniform Network Code Committee (UNCC), or an authorised technical workstream or sub committee appointed by the UNCC to administer the AUG Expert process
 - ▶ **“AUG Technical Workgroup”** - an open meeting of interested parties, at set points throughout the annual cycle, to review and provide guidance/support to the AUG and discuss issues raised relating to the AUG Methodology and Table
- ▶ Proposed that AUG Technical Workgroup is set up as a UNCC Sub Committee
 - ▶ Terms of Reference - see sperate document
 - ▶ Allows more effective and efficient publication of material for the meetings and the AUG process
