

UNIFORM NETWORK CODE – TRANSPORTATION PRINCIPAL DOCUMENT

SECTION V - GENERAL

14 THEFT OF GAS

14.1 Reporting

- 14.1.1 The DNOs shall publish a report (at the end of each reporting month) on theft of gas detection performance for Shippers containing the information referred to in Annex V-6 in respect of each Shipper (on an attributable basis) (“**Shipper TOG Report**”).
- 14.1.2 The DNOs shall publish a report (at the end of each reporting month) on theft of gas detection performance for DNOs containing the information in Annex V-7 in respect of each DNO (on an attributable basis) (“**DNO TOG Report**”).
- 14.1.3 For the purposes of this paragraph 14, “**reporting month**” shall mean each calendar month for which a report pursuant to paragraph 14.1.1 and 14.1.2 shall be published.

**Legal Text Commentary**

Amendments to Transportation Principle Document Section V – General

14.1.1, 14.1.2 & 14.1.3 – The reference to Transporter has been amended to DNO as the definition of a Transporter includes National Grid NTS who don't have obligations to investigate theft of gas therefore they are excluded from the theft of gas reporting.

Annex V-7

Amendments to Annex V-7 reflect the discussions that took during the Shipper and Supplier Theft of Gas Reporting Arrangement review group.

Reporting Measure	Explanation
Total number of suspected / reported incidences of theft of gas received	Amended to reflect the number of cases of theft of gas received by the DNO each month this includes cases passed onto other parties to investigate.
Number of cases cleared	Removed and replaced by the total number of cases of theft of gas resolved
Number of cases still outstanding	Removed as some cases cannot be closed until money has been recovered via a payment plan this can mean cases are open for an extended period.
Total number of suspected / reported incidences of theft of gas that the DNO is responsible for investigating	The amended measure highlights both cases investigated by the DNO and cases subsequently passed to other parties
Total number of cases of theft of gas resolved	This new measure indicates the total number of cases that are the responsibility of the DNO to investigate
Number of cases cleared as invalid	Removed no longer required
Number of cases cleared, and kWh provided	Removed as not every cleared case is a theft
Estimate of the volume of theft of gas in kWh	Amend to provide an estimate in kWh of the volume of theft investigated by DNO's in the month
Number of cases cleared shipper actioned	Removed as Annex V7 represents DNO theft investigation activity.
Number of cases cleared DNO actioned	Removed measure no longer required as this is

	included in the Total number of cases of theft resolved
Money recovered	Amended to show the Money recovered by DNO's in line with their license obligations
