|-----------------------------------|-----------------------------|
| Representative:                   | Claire Roberts              |
| Organisation:                     | ScottishPower               |
| Date of Representation:           | 27 <sup>th</sup> April 2020 |
| Support or oppose implementation? | Support                     |
| Relevant Objective:               | a) Positive                 |

#### Reason for support/opposition: Please summarise (in one paragraph) the key reason(s)

ScottishPower agree that sites that are exceeding anticipated gas use due to increased production to combat the COVID-19 pandemic should not be penalised via the ratchet regime for doing so.

#### Implementation: What lead-time do you wish to see prior to implementation and why?

As directed by Ofgem

#### Impacts and Costs: What analysis, development and ongoing costs would you face?

N/A

#### Legal Text: Are you satisfied that the legal text will deliver the intent of the Solution?

No comment

#### Are there any errors or omissions in this Modification Report that you think should be taken into account? Include details of any impacts/costs to your organisation that are directly related to this.

Is there an IGT UNC impact

**Please provide below any additional analysis or information to support your representation**

N/A
