

NTS Specification for Mercury – survey open

- Following the update provided in April’s Transmission Workgroup, the survey was circulated last week and is open for 4 weeks
- This builds on the previous survey following our sampling on the NTS. Please engage if you have views on the NTS Mercury limit
- If you would like to take part in the survey and have not already received an invitation, please email: Kirsty.Appleby@nationalgas.com

Timeline:

May	Jun	Jul	Aug	Sep	Oct	Nov	Dec
Follow up survey	Survey closes	Collate results		Industry update		Update published in GTYS*
