

Mike,

Thanks again for your help.

**Provision and Maintenance of Large Firm Supply Point Emergency Contact Information by the Gas Transporter'**

I have just submitted a new mod proposal via Nemysis (also attached below) - once again it wouldn't accept the proposed implementation date.

<<BP Revised Mod Proposal Large Firm Emergency Contact Provision 081104.doc>>

It is to replace Mod 718 - could you please also ***withdraw 718?***

Thanks,  
Beverly
