

14/05/2002

Dear Colleague,

REVISED NOTICE OF IMPLEMENTATION
MODIFICATION PROPOSAL No: 0476
Version 2.0

"Removal of the requirement to nominate Smaller Supply Points on first Registration"

Please note that Modification Proposal No 0476 will now be implemented with effect from 06:00 hours on 12/08/2002. The change in date is because Transco have taken on board comments, from User representatives of the UK Link Committee, about packaging changes into releases and Transco have packaged CR 7753 (which relates to Modification reference 0476) together with CR 9632.1 as a release. However this means that any delays in the implementation of 9632.1 will have an impact on 7753.

As communicated at the UK Link Sub Committee meeting held on 18th April 2002 the implementation of these changes has been delayed as a result of comments received during the consultation period for 9632.1. The revised implementation date is 12th August 2002 and therefore Modification Proposal 0476 will now be effective from that date.

Yours sincerely,

Julian Majdanski
Modification Panel Secretary
