#### TPD SECTION E – DAILY QUANTITIES, IMBALANCES AND RECONCILIATION

*Amend paragraph 3 to read as follows:*

#### 3.2 Connected System Exit Points

3.2.1 For each nominating User:

(a) the UDQO;

(b) [in the case of an NTS Connected System Exit Point, the quantity offtaken between 06:00 hours and 22:00 hours](#)

[for a Day](#) in respect of each Connected System Exit Point shall be determined in accordance with the applicable CSEP Network Exit Provisions and/or (where not inconsistent with the CSEP Network Exit Provisions) this paragraph 3.2.

3.2.2 In respect of each Connected System Exit Point, each nominating User shall and any non-nominating User may submit to the Transporter, not later than the Exit Close-out Date, a statement ("**Exit Allocation Statement**") specifying:

(a) the identity of the User;

(b) the identity of the Connected System Exit Point;

(c) the Gas Flow Day; and

(d) the quantity of gas offtaken by that User from the Total System :

(i) \_\_\_\_\_ on the Gas Flow Day ;

(ii) [in the case of an NTS Connected System Exit Point, between 06:00 hours and 22:00 hours on the Gas Flow Day](#)

at that Connected System Exit Point.

3.2.3 A User may, not later than the Exit Close-out Date, revise its Exit Allocation Statement, provided that where the conditions in paragraph 3.2.6 were satisfied in respect of the first submitted Exit Allocation Statements, no revision may be made thereto unless revisions are made in aggregate such that such conditions remain satisfied following such revisions.

3.2.4 For the avoidance of doubt, but without prejudice to paragraph 3.3, no person who is not a User may submit an Exit Allocation Statement or otherwise may claim to have offtaken gas from the Total System and the Transporter will disregard any such purported submission or claim.

3.2.5 If for the Gas Flow Day in respect of a Connected System Exit Point both of the conditions in paragraph 3.2.6 are satisfied:

(a) each User who submitted an Exit Allocation Statement shall be an Offtaking CSEP User;

(b) the UDQO [and, in the case of an NTS Connected System Exit Point, the quantity offtaken between 06:00 hours and 22:00 hours](#) for each nominating User shall be the

quantity stated in the User's Exit Allocation Statement; and

- (c) paragraph 4 shall apply in respect of any non-nominating User who submitted an Exit Allocation Statement.

3.2.6 The conditions referred to in paragraph 3.2.3 and 3.2.5 are:

- (a) that by the Exit Close-out Date, Exit Allocation Statements have been submitted by or on behalf of all nominating Users (whether or not also submitted by or on behalf of any non-nominating User); ~~and~~
- (b) that the aggregate of the quantities stated in all Exit Allocation Statements (submitted by nominating Users and non-nominating Users) is equal to the CSEP Daily Quantity Offtaken; and

(c) in the case of an NTS Connected System Exit Point, the aggregate of the quantities offtaken between 06:00 hours and 22:00 hours stated in all Exit Allocation Statements (submitted by nominating Users and non-nominating Users) is equal to the aggregate quantity determined as offtaken at the Connected System Point in accordance with the relevant CSEP Network Exit Provisions.

3.2.7 If for the Gas Flow Day in respect of a Connected System Exit Point either condition in paragraph 3.2.6 above is not satisfied, subject to paragraph 3.2.8:

- (a) each nominating User shall be an Offtaking CSEP User; ~~and~~
- (b) the UDQO for each Offtaking CSEP User shall be determined by allocating the CSEP Daily Quantity Offtaken between the Offtaking CSEP Users in proportion to the Nominated Quantities under their respective Output Nominations for the Gas Flow Day in respect of that Connected System Exit Point; ~~and~~

(c) in the case of an NTS Connected System Exit Point, the quantity offtaken between 06:00 hours and 22:00 hours for each Offtaking CSEP User shall be determined by:

(i) except where paragraph (ii) applies, allocating the aggregate quantity determined as offtaken at the NTS Connected System Exit Point in accordance with the relevant CSEP Network Exit Provisions in the same proportion as the User's UDQO determined under paragraph (b);

(ii) by allocating the aggregate quantity determined as offtaken at the NTS Connected System Exit Point in accordance with any standing notification submitted jointly to National Grid NTS by each CSEP User.

3.3.3 Where paragraph 3.3.2 applies in respect of an NTS Connected System Exit Point any standing notification submitted in respect of such NTS Connected System Exit Point for the purposes of paragraph 3.2.7(b) shall cease to have effect.
