Do you support or oppose implementation?

Support/Qualified Support/Neutral/Not in Support/Comments

Please summarise (in one paragraph) the key reason(s) for your support/opposition.

Implementation of this Modification Proposal will clarify the existing arrangements for the derivation of FWACV by National Grid NTS and put in place the ability to withdraw this service giving the appropriate notice period to all those concerned.

Are there any new or additional issues that you believe should be recorded in the Modification Report?

We have no new or additional issues to be recorded in the Modification Report.

Self Governance Statement:

Do you agree with the Modification Panel's decision that this should be a self-governance modification?

We do agree that this Modification Proposal is suitable for Self Governance as it has no material impact on any Code or non-Code parties.

Relevant Objectives:

How would implementation of this modification impact the relevant objectives?

Implementation of this Modification Proposal would better facilitate A11.1(f) of the transporter licence by removing a redundant and misleading date from UNC OAD.

Impacts and Costs:

What analysis, development and ongoing costs would you face if this modification were implemented?

There are no implementation or ongoing operational costs associated with this Modification Proposal.

Implementation:

What lead-time would you wish to see prior to this modification being implemented, and why?

We are supportive of the Implementation timetable suggested by the Proposer.

Legal Text:

Are you satisfied that the legal text will deliver the intent of the modification?

We are satisfied that the legal text accurately reflects the nature of intent of the Modification Proposal.

Is there anything further you wish to be taken into account?

Please provide any additional comments, supporting analysis, or other information that that you believe should be taken into account or you wish to emphasise.

We have no further comments.
