UNC Modification 416S Extending the data provision permissions created by Modification 0279 regarding historic asset and read data provision, will provide permission for the registered user to access historic asset and read data for recently acquired supply points. In addition to the general permission the modification provides for two Non-Code User Pays portfolio reports. This change is to add these two portfolio reports to the Services Schedule for the Provision of Non-Code User Pays Services.

There are no development costs associated with this change, this change is zero cost.

A supporting Agency Charging Statement will be prepared.
