Do you support or oppose implementation?

Support

Please summarise (in one paragraph) the key reason(s) for your support/opposition.

The introduction of a Single Service provider across all Supply Meter Points will bring a consistent approach to the way data is managed and will bring efficiencies through harmonised processes.

Are there any new or additional issues that you believe should be recorded in the Modification Report?

No.

Relevant Objectives:

How would implementation of this modification impact the relevant objectives?

We support the relevant objectives highlighted in the modification report.

Impacts and Costs:

What analysis, development and ongoing costs would you face if this modification were implemented?

We have identified development costs but expect to benefit from the efficiencies that a single service provision will bring.

Implementation:

What lead-time would you wish to see prior to this modification being implemented, and why?

We support an implementation date of 1st April 2016 which aligns with our response to the Xoserve Consultation on the delivery of Project Nexus & EU Reforms.

Legal Text:

Are you satisfied that the legal text will deliver the intent of the modification?
