  - (b) competition in the shipping, transportation or supply of gas conveyed through pipes or any commercial activities connected with the shipping, transportation or supply of gas conveyed through pipes; and

- (ii) it is unlikely to discriminate between different classes of parties to the uniform network code/relevant gas transporters, gas shippers or DN operators.

## Is this a Fast Track Self-Governance Modification?

We believe this modification should be a Fast Track Self-Governance modification, and that the modification meets both the self-governance criteria and the fast track criteria in particular fast track criteria (b i) “updating names or addresses listed in the uniform network code”.
