

CHANGE OVERVIEW BOARD

GAS CENTRAL SERVICES CHANGE HORIZON EVENT

ABOUT THE EVENT

Registered	01.12.2014
Last Updated	

Title	Priority Services
High Level Definition	Regulatory review of definition of vulnerable customers, of services provided to those customers, and of sharing of vulnerable customer information within and between gas, electricity (and water) industries
Purpose	<p>Ofgem's proposals aim to ensure that vulnerable customers should not be disadvantaged or receive a worse service because of their situation.</p> <p>It is proposed that Suppliers and Network Operators (GDNs and DNOs) should:</p> <ul style="list-style-type: none">• Provide additional non-financial services to energy consumers who are more likely than a typical consumer to experience problems in communication, safety and supply• Identify people who would benefit from such services• Improve information about why a consumer is on the Priority Services Register• Share consumer information with each other and water companies, using vulnerability indicators agreed between them• Raise awareness of services, including developing a single cross-industry brand• Independently audit their performance and publish findings yearly
Assumptions	<ul style="list-style-type: none">• Consultation Conclusions will be consistent with proposals• Regulatory expectation that changes will be delivered within 2 years of publication of Conclusions
Delivery Target	Not known, but see Assumptions
Dual Fuel	Yes
