

UNC Modification 0564R – Review of Annual Read Meter reading requirements

15th January 2016

Provision of statistics to support Distribution Workgroup's discussions in relation to cyclic meter read performance across the Shipper community. Data is taken from MPRNs where there is a live meter and confirmation.

REF. 1201 – *Annual Meter Read Performance - Xoserve to identify the range of the market performers (LSPs and SSPs) and provide anonymised details of the spread, including any outliers, for review.*

¹ Paper: UNC Modification 0546R – Review of Annual Read Meter Requirements

Meter Read Performance

Total Number of MPRNs (Annual Read)		21,710,089	100%
Of which:	MPRNs with a read submitted and accepted	20,547,601	94.7%
	MPRNs which have not had a read submitted	1,061,232	4.8%
	MPRNs which had a read submitted and rejected	101,256	0.5%

The above data demonstrates the number and percentage of MPRNs which a read was submitted accepted, MPRNs which have not had a read submitted, and out of those, MPRNs with a read submitted and rejected.

Anonymised industry breakdown is attached below:

Meter Read Performancev3.pdf

Sample data taken from 01/12/14 – 01/12/15.
