

Representation - Draft Modification Report 0526S

Identification of Supply Meter Point pressure tier

Responses invited by: **5pm 10 June 2016**

To: enquiries@gasgovernance.co.uk

Representative:	Andrew Green
Organisation:	Total Gas & Power (TGP)
Date of Representation:	10/06/16
Support or oppose implementation?	Support
Relevant Objective:	d) Positive

Reason for support/opposition: Please summarise (in one paragraph) the key reason(s)

TGP supports this modification as it will remove the need for individual MPR enquiries via the GT1 process and will help to ensure accurate first time pricing where pressure tier is a factor in the metering charges.

Self-Governance Statement: Please provide your views on the self-governance statement.

We agree that this modification should be self governance

Implementation: What lead-time do you wish to see prior to implementation and why?

As suggested in the draft modification report

Impacts and Costs: What analysis, development and ongoing costs would you face?

No significant costs

Legal Text: Are you satisfied that the legal text will deliver the intent of the Solution?

No comment

Modification Panel Members have requested that the following questions are addressed:

Q1: Respondents are asked to provide views on the impacts to SPAA parties

TGP are not fully signed up to SPAA, only for I&C TRAS purposes

Are there any errors or omissions in this Modification Report that you think should be taken into account? *Include details of any impacts/costs to your organisation that are directly related to this.*

No

Please provide below any additional analysis or information to support your representation:

None
