

## Representation - Draft Modification Report 0526S

### Identification of Supply Meter Point pressure tier

Responses invited by: **5pm 10 June 2016**

To: [enquiries@gasgovernance.co.uk](mailto:enquiries@gasgovernance.co.uk)

<b>Representative:</b>	Colin Paine
<b>Organisation:</b>	ENGIE Gas Limited
<b>Date of Representation:</b>	7 June 2016
<b>Support or oppose implementation?</b>	Support
<b>Relevant Objective:</b>	d) Positive

**Reason for support/opposition: Please summarise (in one paragraph) the key reason(s)**

We support this change as it will remove the need to make specific enquiries on supply pressure tier information on an MPAN by MPAN basis. This will improve efficiency across the industry.

**Self-Governance Statement: Please provide your views on the self-governance statement.**

We agree that this modification should be subject to self-governance.

**Implementation: What lead-time do you wish to see prior to implementation and why?**

The standard self-governance implementation timescales as outlined in the Modification Report will be adequate.

**Impacts and Costs: What analysis, development and ongoing costs would you face?**

No significant impacts foreseen, there should be an overall saving in efficiency.

**Legal Text: Are you satisfied that the legal text will deliver the intent of the Solution?**

Yes.

**Modification Panel Members have requested that the following questions are addressed:**

**Q1: Respondents are asked to provide views on the impacts to SPAA parties**

We are not a full SPAA party, only an I&C TRAS signatory.

**Are there any errors or omissions in this Modification Report that you think should be taken into account?** *Include details of any impacts/costs to your organisation that are directly related to this.*

No.

**Please provide below any additional analysis or information to support your representation:**

N/A.
