*Please note that due to the number of documents required the 'Supporting Business Documentation' page has been linked to the main modification page, which includes the legal drafting as follows:*

*CDSP/DSC Draft for Consultation: <http://www.gasgovernance.co.uk/0565/DSC> (CDSP and DSC documents)*

*UNC Draft for Consultation: <http://www.gasgovernance.co.uk/0565/UNCdrafting> (UNC Legal Text)*

**Reason for support/opposition: Please summarise (in one paragraph) the key reason(s) for each modification**

SSE is supportive of all three modifications proposals as they seek to introduce the changes identified and defined under the Funding, Governance and Ownership Programme. The only differences between the three are the rules regarding committee representation on the Data Service Contract Committees.

For SSE the proposals under modification 0565A look to ensure a balance of representatives from the affected Central Data Services Provider (CDSP) customer classes, such that no sector is disadvantaged under the arrangements and all have an equal opportunity to participate and be equally and fairly represented in these new

arrangements. The implementation of modification 0565A should lead to ongoing participation from all market sectors in the management of the DSC because no sector should feel marginalised.

**Self-Governance Statement:** *Please provide your views on the self-governance statement.*
