Dear Julian

Northern Gas Networks support Modification proposal 0022 ' Revision to Section O – Removal of references to the Base Plan Assumptions (BPA) document..

Transco last published the BPA document in 1999, with the information previously contained in the BPA now found in the Ten Year Statement.

This proposal correctly aligns the UNC with the current TBE process and will improve the efficient operation of the planning process by removing the obligation to publish duplicate information whilst maintaining the current requirements for information provision.

Yours sincerely

Robert Cameron-Higgs
Network Code Manager
