Dear Julian

Modification Proposal 0072:

Thank you for providing Scottish and Southern Energy plc (SSE) with the opportunity to comment on the above modification proposal.

SSE is supportive of the proposal.

The proposal will ensure, that when the NEC instructs NG LNG to curtail flows in a Potential & Actual Network Gas Supply Emergency, Users are allocated as far as possible in accordance with the gas they have nominated for delivery and not according to their stock levels.

Yours sincerely

Jeff Chandler
