Dear Julian,

Modification Proposal 0173

Thank you for providing Scottish and Southern Energy plc (SSE) with the opportunity to comment on the above modification proposal.

SSE is supportive of modification 0173.

SSE agrees that the legal text applied as a result of the implementation of modification 083 did not reflect the intention of the proposal. However, we believe the legal text in modification 0173 correctly reflects the intention of processing of IGT data in a timelier manner. This should further competition and efficient operation of networks and as such should better meet the relevant objectives.

Yours sincerely
