12th August 2015

Dear Colleague

Aggregate Results of Bacton Capacity Reallocation of existing Registered NTS Entry Capacity at Bacton from 1st November 2015 onwards (following Initial Reallocation Process)

Please find the results of the Initial Capacity Reallocation showing the **aggregated** reallocation of NTS Entry Capacity for each of the two new ASEPs within Appendix 1 which details the:

- i. Relevant Months or Quarters
- ii. ASEP
- iii. Quantity in kWh/day allocated

This does not require any User to undertake any actions on National Grid's systems

For all Months/Quarters where the **aggregated** requests were below the Obligated level of either the Bacton UKCS ASEP or the Bacton IP ASEP, the existing Registered NTS Entry Capacity for these Months/Quarters will be reallocated to the new ASEPS as per User requests. This information is found in Appendix 1 below.

For all Months/Quarters where the aggregate level of NTS Entry Capacity rights requested are above the relevant Obligated level of NTS Entry Capacity at either the Bacton UKCS ASEP or the Bacton IP ASEP no reallocations have been made. These specific Months/Quarters are marked as "oversubscribed" within the Appendix 1 below.

National Grid will now issue on the 12th August a Bacton Capacity Final Reallocation Invitation to all Users who hold Registered NTS Entry Capacity at the Bacton ASEP for the Months/Quarters that are oversubscribed. Affected Users can re-indicate where they wish their Registered NTS Entry Capacity rights and NTS Capacity Transfers¹ to be held in future; either at the Bacton UKCS ASEP or the Bacton IP ASEP. National Grid will notify Users of the results by 26th August 2015 such that the whole process is anticipated to be completed by 30th September 2015.

Please note that this message is being sent by e-mail via the Joint Office of Gas Transporters, web-fax (business hours operational list) and ANS.

For avoidance of doubt, expressions used within this letter should be interpreted as having the same meaning as per the UNC Document.

¹ Where Transferor User only

If you have any queries please contact a member of the capacity auctions team or myself on +44 (0)1926 65 4057. Alternatively you can e-mail the capacity team regarding any capacity issues at capacityauctions@nationalgrid.com

Yours Sincerely,

Bradley Charles
