Demand Estimation Technical Forum - 03.06.05. and Contact Details

Dear Colleague

I am writing to invite you to a Technical Forum on Demand Estimation on Friday 3rd June 2005 at 10 The Old Bailey, London, starting at 10:00.

This presentation has been arranged in order to share with yourselves as system users, the state-of-play on currently ongoing work on Non-Daily Metered (NDM) profiling & capacity estimation algorithms for 2005/06.

Clause H1.8.1 of the Uniform Network Code requires Transporters to consult in June with the Uniform Network Code Committee through the Demand Estimation Sub-Committee (DESC) on end user categories (EUCs) and NDM algorithms during June.

The intention is to devote the morning session to a presentation - open to all system users - of work done to date and a discussion of matters arising. Thereafter, in the afternoon, DESC itself will meet to consider issues raised during the morning session and agree the way forward. The Joint Office of Gas Transporters, in accordance with Uniform Network Code Governance, now chairs DESC. The named User representatives of DESC are attached however others may attend the afternoon session as observers if they wish.

I hope you will be able to attend the Technical Forum on 3rd June and I look forward to seeing you there. In order to help with practical arrangements on the day, it would be appreciated if you would let me know (by e-mail if possible to enquiries@gasgovernance.com) that you intend to attend.

Contact details

We want to ensure that contact details are up to date and complete. Please confirm (by e-mail if possible to enquiries@gasgovernance.com) that the name, position and address details above are correct, and confirm your landline and mobile phone numbers.

Yours sincerely,

John Bradley
Chair of Demand and Estimation Sub Committee
Joint Office of Gas Transporters
