Dear Colleague,

**NOTICE OF IMPLEMENTATION  
MODIFICATION PROPOSAL No: 0708**

"UK Link Business Support Agreement Reporting Period, change from a 4/4/5 week cycle to calendar months "

Please note that Modification Proposal No 0708 will be implemented with effect from 06:00 hours on 01/11/2004. The Final Modification Report, Version 1.0, was signed by Ofgem on 25/10/2004.

The new Network Code text resulting from this Modification follows.

**Modified Text:**

There is no change to the Network Code, however the references are held in the UK Link Manual IS Service Definition Appendix 2 Performance Levels, which is a legally binding table and therefore can only be changed by way of a modification proposal and following the modification procedures. The actual change is minimal and merely amends the reference to "a 4/5 week cycle" in the Notes section of the table to "calendar months".

The relevant part of the table is attached for reference.

<b><i>Performance Parameter</i></b>	<b><i>Performance Period / Performance Levels</i></b>	<b><i>Notes</i></b>
<i>Reporting Period</i>	<i>Monthly</i>	<i>Monthly reports will be issued on the basis of <del>a 4,4,5 week cycle</del> <u>calendar months</u></i>

Yours sincerely,

Julian Majdanski  
Modification Panel Secretary
