Dear John,

RE: Modification proposal 0269: Provision of Exit Information at all NTS Exit Points for the transitional exit period

Thank you for the opportunity to respond to this consultation.

We support the implementation of this proposal in that it seeks to aid transparency and alignment with the enduring regime. We believe that argument could be made that it better facilitates relevant objectives A11.1(b) (efficient and economic operation of the network) and A11.1(d) (securing effective competition).

Please contact me if you would like to discuss this response.

Yours sincerely,

Chris Wright
