26 November 2007

Dear Colleague

Rolling Monthly System Entry Capacity Implementation of Contingency Arrangements

With regard to the RMSEC auction to be held on Monday 29th October for November 2007 capacity National Grid are invoking code contingency processes for the auction.

Under contingency arrangements National Grid will accept bids for the RMSEC auction via fax, therefore could all users wishing to participate in this auction submit the relevant contingency proforma (see Attached file) to the fax number detailed below between 08:00 and 17:00. Faxes need to be received during this window otherwise bids will be rejected.

Fax No: 01926 656 612

Please note that this message is being sent by e-mail and fax (business hours operational list). The delivery notification audit report will be considered as evidence of receipt. It will also be posted onto the news area of the National Grid website where all contingency notifications have been posted to date.

If you have any queries about the auction process please contact me on 01926 655 342.

Yours sincerely

Chris Gumbley
