Dear Colleague,

**2015 Annual Interruption Tender Process – SGN Published Results**

Due to the low number of interruptible tenders and the resulting inability to acquire sufficient interruptible capacity, no DN Interruptible Summary Reports will be published by Scotia Gas Networks for the 2015 Annual Interruption Tender.

In accordance with Unified Network Code, Transportation Principle Document Section G (Supplies) paragraph 6.4.3, the summary Report by location (SRL file) relies on there being awarded contracts for at least three (3) Users in a location to ensure a level of anonymity. As there were no contracts awarded, this criteria was not met and therefore the SRL file cannot be issued.

The same information can be found in the link below or by visiting the SGN website at

[sgn.co.uk](http://sgn.co.uk)

Under Publications/Scheduled-interruptions. SGN will continue to invite tenders in future years. The next planned tender window will be in early June 2016 with our requirements being published in May 2016.

If you require any further assistance please do not hesitate to contact either: Leyon Joseph on 02380 816730 or Scott Duncan on 01293 818256.

Yours Sincerely,  
Leyon Joseph  
LTS Analysis Manager
