

# Action 603: Tariff Code Developments – Consider potential effects of a payable/floating price on this modification specifically relating to WAP.

## Action 603

---

- Tariff Code – new regime applicable from 1 October 2017 – CAM Points only
- Price paid will be the price at time of use
  - Administered price for Entry/Exit at CAM Points
- Price paid may not relate to price which originally bought at
  - Options to administer prices could include (not limited to);
    - An uplift on current reserve price (WAP) (e.g. inflation)
    - A new point specific price calculated each year
- In any event from 1 October 2017 price paid determined by new methodology at CAM Points
  - IP/Non IP could be different methodology
    - GTCR for wider impacts across rest of GB
