

Re: Action 0425 1001: National Grid Distribution (CW) to check what the GS(I&U)R requirements are with regard to what happens when a Transporter visits a site and find that whilst no meter is present, the customer states that they still require gas.

Please see below our response to this action on National Grid Distribution.

In this instance National Grid Distribution have procedures which entail rescheduling a visit 3 months later and cutting off at that point if no meter is present.
