

Actions on NGN from the Shrinkage Forum 10 August 2011

New Action 0302b: Each Network Operator to consider the provision of a sample Leakage Model and provide an update by 18 September 2011.

A sample model V1.3 is now available on the JO website

Action SF0801: All Transporters to confirm if external audits have been undertaken on the robustness of the models being used

NGN can confirm an independent audit of its leakage model is undertaken every year

Action SF0802: WWU and NGN to consider republishing the Shrinkage Assessments in line with National Grid and WWU assessment in particular sections 2.2 and 2.3.

NGN's shrinkage assessment has been represented using NGG's table formats in sections 2.2 and 2.3
