

# National Grid Gas Transmission (NGGT) – Clarity of communication routes

3<sup>rd</sup> December 2015

## Introduction

---

- We agree with recent feedback that it isn't clear which channels we use for our external communications.
  - e.g. The Joint Office (JO) or Energy Network Association (ENA)
- Need to clarify communication channels we intend to use in the shorter term (see summary on next slide)
- We are also considering longer term options to manage our communication channels and distribution lists.
  - We would welcome future engagement with you on this next year.

## Proposed Communication channels - summary

---

- The JO cascade:
  - NGGT Charging statements and notices
  - NGGT UNC Mods / workgroups and review groups
  - NGGT Significant Code Review communications
- The JO will also publish NGGT letters on their website where requested.
- The ENA will cascade other NGGT comms (e.g. NGGT Capacity Auction invitations).
- The next slide provides the detailed proposal for you to take away.

# Proposed Communication channels – take away

Subject area	Current route	Proposed route
Capacity methodology statement consultations / info	Joint Office	ENA
Charging statements and notice of charging changes	Joint Office	Joint Office
Future methodology statement consultations (e.g DSR)	-	ENA
System Management Principles Statement	Joint Office	ENA
UNC mods / workgroups / review groups	Joint Office	Joint Office
Default System Marginal Price Statement	Joint Office	ENA
Significant Code Reviews	JO & tailored NGGT distribution lists	JO & tailored NGGT distribution lists
Gas Market Change Surveys	JO & tailored NGGT distribution lists	ENA & tailored NGGT distribution lists
NGGT run workshops (e.g EU)	JO & tailored NGGT distribution lists / ENA	ENA & tailored NGGT distribution lists
EU Comms (e.g Non UNC related, PRISMA etc)	JO & tailored NGGT distribution lists / ENA	ENA & tailored NGGT distribution lists
Generic Revenue Driver Methodology (GRDM) Review	Joint Office	ENA
Transmission Planning Code (TPC)	Joint Office	ENA
Gas Ten Year Statement (GTYS)	ENA	ENA
Future Energy Scenarios - FES and Winter/Summer Outlook	NGGT managed distribution list and <a href="http://fes.nationalgrid.com/">http://fes.nationalgrid.com/</a>	NGGT managed distribution list and <a href="http://fes.nationalgrid.com/">http://fes.nationalgrid.com/</a>
RIIO Delivery (Gas) - Performance Summary	<a href="http://www.talkingnetworkstx.com/">http://www.talkingnetworkstx.com/</a> and notification via JO	<a href="http://www.talkingnetworkstx.com/">http://www.talkingnetworkstx.com/</a> and notification via ENA
IED Consultation/engagement	Joint Office	ENA
Gas Network Innovation Allowance	ENA	ENA
PARCA Publishing obligations	Joint Office, ANS, MIPI and Webfax	ENA, ANS, MIPI and Webfax
Rolling Monthly Auction letter	Joint Office, ANS, MIPI and Webfax	ENA, ANS, MIPI and Webfax
Long Term Auctions	Joint Office, ANS, MIPI and Webfax	ENA, ANS, MIPI and Webfax
Maintenance Plan	Joint Office	ENA
Emergency Exercise	Joint Office	ENA
Gas Operating Margins tender information	Joint Office	ENA

## Contact details

---

- To subscribe to any of the Joint Office distribution lists, please e mail: [enquiries@gasgovernance.co.uk](mailto:enquiries@gasgovernance.co.uk)
- To subscribe to any of the ENA distribution lists, please e mail: [info@energynetworks.org](mailto:info@energynetworks.org)
  - Note: The Joint Office regularly sends up to date distribution lists to the ENA.
- Please do contact Mark Lyndon or Mike Wassell if you wish to discuss further:

[Mark.Lyndon@nationalgrid.com](mailto:Mark.Lyndon@nationalgrid.com) Phone: 01926 655551

[Mike.J.Wassell@nationalgrid.com](mailto:Mike.J.Wassell@nationalgrid.com) Phone: 01926 654167
