Dear colleague

## Designation of Moffat Designated Arrangements

Section A1.4 of the European Interconnection Document (which forms part of the Uniform Network Code) provides for the designation by National Grid Gas plc of the Moffat Designated Arrangements either pursuant to a Code Modification or with Condition A11(18) Approval of the Authority.

On 1 October 2015 the Authority gave Condition A11(18) Approval to the designation of the Moffat Designated Arrangements in the form attached hereto.

Accordingly National Grid Gas plc hereby designates the attached document as the Moffat Designated Arrangements pursuant to Section A1.4 of the European Interconnection Document.

Terms used herein have the meanings given to them in the Uniform Network Code.

Dated 1 October 2015

Signed
