

Joint Office of Gas Transporters

Action Log - UNC Demand Estimation Sub Committee 12 December 2005

(Provided with the Minutes for 12 December 2005)

Action Ref	Meeting Date(s)	Minute Ref	Action	Owner*	Status Update
DE 1000	19/9/05	4	On NDM sample count assessment – investigate target sample numbers required to maintain analysis at levels of aggregation used in the Spring 2005 analysis.	xoserve (SAB)	Due Jan 06
DE 1001	19/9/05	5.2	On sample size relative to the population – present sample size as a percentage of the population for each segment and compare to the previous year.	xoserve (SAB)	Due Jan 06
DE 1002	19/9/05	5.4	On differentiation of domestic and small business consumers – investigate feasibility of comparing domestic data recorder and datalogger sample points for EUC band 1.	xoserve (SAB)	Due Jan 06
DE 1003	19/9/05	5.5	On potential split of 732-2196 MWh band – report after Spring 2006 analysis whether or not there is a potential need to split this band.	xoserve (SAB)	After Spring 2006
DE 1004	19/9/05	6	On publication of DESC documents – investigate whether documents can be released to an open or password protected web site and notify change.	xoserve (SAB)	Closed - Intention to use shipper area of xoserve Extranet - will notify via formal letter and email.
DE 1005	14/11/05	2 c	On Met Office triggered weather station changes – report on contractual controls in place.	NG NTS (PO)	Closed - Contractual Controls based on reasonable endeavours – MO does not own sites therefore change very likely in current economic climate.

Joint Office of Gas Transporters

Action Ref	Meeting Date(s)	Minute Ref	Action	Owner*	Status Update
DE 1006	14/11/05	2 c	On Met office triggered weather station changes – report on published potential closures and on any trend in the churn of stations. (See also DE1010.)	xoserve (SAB)	Closed - Frequency of future change difficult to predict due to Met Office undergoing reorganisation – reduction in manned stations very likely.
DE 1007	14/11/05	4	On demand estimation modelling approach – SSE to present concepts for an alternative and potential advantages.	SSE (MR)	Due Jan 06
DE 1008	12/12/05	2.1	xoserve to provide end-to-end data relating to Whitwell (a past error) to the Committee at the next meeting, for illustrative purposes.	xoserve (SAB)	Due Jan 06
DE 1009	12/12/05	2.2	xoserve to provide the data for the NDM slides (3.4 – 3.15) for distribution.	xoserve (SAB)	
DE 1010	12/12/05	3.2	National Grid to seek information relating to possible weather station closures, ie by area/LDZ, timescales, alternative weather stations for a ‘fall back’ position where appropriate, etc.	National Grid (PO)	Closed – information received and distributed with meeting minutes.
DE 1011	12/12/05	4	xoserve to highlight relevant sections of September 2005 presentation to assist consideration of appropriate approach for future Model Smoothing and resend via Joint Office.	xoserve (SAB)
