

GMT System Entry Point Statement

[day] [month] [year]

1. In accordance with Section A 2.2.3(b) of the Uniform Network Code Transportation Principal Document, National Grid NTS is obliged to establish and from time to time modify a **GMT System Entry Point Statement**.
2. This **GMT System Entry Point Statement** specifies the complete prevailing list of **GMT System Entry Points** (and the relevant **GMT ASEPs**¹) which operate on the basis of a **GMT Day**².
3. This list will be applicable until superseded by a subsequent **GMT System Entry Point Statement**.
4. The list referred to in paragraph 2 is as follows:

GMT System Entry Point	Associated GMT ASEP
Bacton Perenco (Amoco)	Bacton (Location Code: BA)
Bacton Shell	Bacton (Location Code: BA)
Bacton Seal	Bacton (Location Code: BA)
Barrow	Barrow (Location Code: BR)
Easington Dimlington	Easington (Location Code: EA)
St. Fergus Apache (Sage)	St. Fergus (Location Code: SF)
St. Fergus Shell	St. Fergus (Location Code: SF)
Teeside BP	Teeside (Location Code: TE)
Teeside PX	Teeside (Location Code: TE)
Theddlethorpe	Theddlethorpe (Location Code: TH)

¹ As per Section B 2.12.10 of the Uniform Network Code Transportation Principal Document. For the avoidance of doubt, a GMT ASEP may be comprised of both GMT System Entry Points and System Entry Points.

² As per Section C 2.2.1(l) of the Uniform Network Code General Terms.
