Dear Colleague,

**Update to the Incremental Entry Capacity Release (IECR) Model**

Further to the QSEC Auction invitation published on Monday 17<sup>th</sup> August 2009, please be aware that an updated version of the IECR Charging Model has been posted on the National Grid website today, 8<sup>th</sup> September, at: [www.nationalgrid.com/uk/Gas/Charges/statements/](http://www.nationalgrid.com/uk/Gas/Charges/statements/)

This version (3.8.9) updates the number of decimal places used in the Prices (p/kWh/day) section shown on the tab entitled 'Control'. Users of version 3.8.8 are advised to download the updated version 3.8.9 of the model from: [www.nationalgrid.com/uk/Gas/Charges/statements/](http://www.nationalgrid.com/uk/Gas/Charges/statements/)

National Grid apologises for any inconvenience this may cause.

If you have any queries with regards to the IECR Charging Model please contact Tony Szabo on 01926 654057. If you have any queries with regards to entry capacity, the auction mechanism, Gemini or information provisions then please do not hesitate to contact either Diana Dai or myself on 01926 654057.

Yours sincerely,
