

Industry update from Ofgem – 1 May 2015

Decision on changes to National Grid Gas plc's Licence to terminate Permit Arrangements and adjust the revenue earned for the period 1 April 2013 – 31 March 2015.

Our decision to terminate Permit Arrangements and adjust the revenue earned from Permit Arrangements for the period 1 April 2013 – 31 March 2015, may be found at the following location on the Ofgem website:

<https://www.ofgem.gov.uk/publications-and-updates/decision-changes-national-grid-gas-plc-s-licence-terminate-permit-arrangements-and-adjust-revenue-earned-period-1-april-2013-31-march-2015>

Approval of National Grid Gas' (NGG) Network Model and Statement of Procedures.

NGG has an obligation under its Gas Transporter Licence to maintain a Network Model and an accompanying Statement of Procedures for modifying or updating the data for the Network Model. Our letter, approving an upgrade to the Network Model and the Statement of Procedures, may be found at the following location on the Ofgem website:

<https://www.ofgem.gov.uk/publications-and-updates/approval-national-grid-gas-network-model-and-statement-procedures>

Code modification/modification proposals with Ofgem for decision - indicative timetable. A table giving the indicative decision dates, and names of Ofgem experts, for code modification/amendment proposals that are with Ofgem for decision may be found at the following location on the Ofgem website:

<https://www.ofgem.gov.uk/publications-and-updates/code-modificationmodification-proposals-ofgem-decision-indicative-timetable>

Statutory consultation on proposed licence modifications to ensure GB compliance with the EU legislative definition of "gas day". Our letter seeking views on our proposals to modify certain licence conditions relating to the definition of "gas day" to align them with the EU legislative definition, may be found at the following locations on the Ofgem website: <https://www.ofgem.gov.uk/publications-and-updates/statutory-consultation-proposed-licence-modifications-ensure-gb-compliance-eu-legislative-definition-gas-day>

Joint National Regulatory Authorities (NRA) vision paper: Long-term use-it-or-lose-it (LT UIOLI). The paper describing the joint vision of how the regulators, Ofgem, Belgium's Commission de Régulation de l'Electricité et du Gaz and the Netherlands Authority for Consumers and Markets intend to apply The Congestion Management Procedure (CMP) Guidelines procedures for LTUIOLI, may be found at the following locations on the Ofgem website: <https://www.ofgem.gov.uk/publications-and-updates/joint-national-regulatory-authorities-nra-vision-paper-long-term-use-it-or-lose-it-lt-uioli>

Transmission Planning Code decision letter. Our decision letter approving changes to the Transmission Planning Code to include the Planning and Advanced Reservation of Capacity Agreement (PARCA) process, may be found at the following locations on the Ofgem website: <https://www.ofgem.gov.uk/publications-and-updates/transmission-planning-code-decision-letter>

Covering letters for version two of the Network Innovation Competition (NIC) Governance Document and for version two of the Network Innovation

Allowance (NIA) Governance Document. Our letters advising stakeholders that the second version of the NIC and NIA Governance Documents have come into force and describing the main changes we have made since we consulted on the documents may be found at the following locations on the Ofgem website:

<https://www.ofgem.gov.uk/publications-and-updates/covering-letter-version-two-network-innovation-competition-nic-governance-documents> and <https://www.ofgem.gov.uk/publications-and-updates/covering-letter-version-two-network-innovation-allowance-nia-governance-documents>
