

0539:

Mod Title: Removal of NTS Exit Commodity Charges for Distributed Gas

Proposer: Barrow Shipping

Panel Date: 18 June 2015

Why change?

- The UNC applies NTS Exit Commodity Charges to all gas
- Distributed gas does not flow through the NTS
- NTS charges should not be paid for these flows

Options

- No option other than UNC modification has been identified

Solution

- Incorporate NTS Exit Commodity charges in established Charging Methodology for distributed gas – treat the same as other elements
- Calculations to use rates published by National Grid NTS

Recommended Steps

- The Proposer recommends that this modification should be subject to:
 - Self-governance
 - Workgroup assessment to develop the modification for up to 5 months
