

**Report for Code Committee**  
**July 2007**  
**Offtake Committee**

**Meetings Held**

04 July 2007

**Planned**

08 August 2007

**Matters for Network Code Committee's Attention**

None.

**Matters Discussed**

The Committee discussed the Offtake Subsidiary Documents. The Joint Office had continued to discuss arrangements for reviewing these with the Networks Collaboration Forum.

Responsibility for progressing action on the documents, where the need for change had been identified, was shared amongst the Committee Members.

It was identified by National Grid NTS that Emergency Procedure E2 (DN/PM/E/2/E) did not conform with the Safety Case and so could not be signed off.
